

PHYSICS 4300, Fall 2008
CAPSTONE PRESENTATIONS
ALL ARE INVITED TO ATTEND!
Refreshments Served
Come and Go on the half hour

SESSION I 3:00 PM, Friday Dec. 19, Computer Lab Nielsen Hall

TIME	SPEAKER	ADVISOR	TITLE
3:00-3:30	Behdad Ebadifar	Abbott	Search for the Higgs
3:30-4:00	Alea Smith	Romanishin	Detecting Transits of Extrasolar Planets and their Moons
4:00-4:30	Joel Ramey	Schmidtke (CBME)	Microfluidic Channels with Bifurcations
4:30-5:00	Robert McClure	Johnson/Key	Installing an Scanning Electron Microscope for High Resolution Electron Beam Lithography

It is important that all current capstone students attend at least half of these talks.
Advisors should attend their own student's talks and a couple of other talks as well.
Juniors should attend to see what a Capstone involves.
