X-Virus-Status: Clean

Hey peeps.

You're on this list because you are an SPS Officer for the 2006-2007 academic year. I've also included a few people in this e-mail whom, although not officially officers, I would love to have around during a lot of our decision-making sessions. So, if and when you get this e-mail, please respond to me so that

a) I know that this is the right e-mail.

b) If you're not an officer, you do, indeed, want to be included with this group.

That being said, it's time to really get things rolling. **We are having an SPS Welcome BBQ** on the **South Oval** on **Friday, September 8 from 5-8 pm**. The request for the space has been submitted, but, as far as I can tell, it's still being processed. I'll hear from them (Center for Student Life) soon. Regardless, we need to get the ball rolling on getting the planning finalized and making sure this thing happens. Here's what we need to happen:

I) **Joel and David** - we need fliers up. Soon. Typically, we put up 20 fliers throughout Nielsen. Make sure you include the Student Lounge and the freshman physics room - and every other place you've seen fliers, typically, in the past. Here's the specific info:

**What:** SPS Welcome Picnic

**When:** Friday, September 8, 5-8pm

**Where:** South Oval, outside Nielsen Hall

**Why:** This will be an event to welcome all newcomers to SPS and the Physics/Astronomy Department and to re-welcome all the returning students to physics at OU.

And just spice it up with some clip-art or whatever. If you guys have questions, let me know. We need to have these up by the end of the week (preferably by Friday AM) so that students can start making plans...

II) **Everyone** - We will have an officers' meeting on Friday - that's in 2 days. We'll meet in the student lounge at 12 noon to discuss this BBQ and other issues that are brought forward. Try to be there - if you cannot make it, *please* e-mail me and let me know why this time is bad for you. We're looking for a suitable time for this whole group.

III) **Juniors & Sophomores** - I guess there are no sophomores on this list, but, regardless, this is the group that needs to announce to Mullen's class - the freshman physics for majors class - about this event. I've asked him, and he says that it's cool if we do this, but he needs to know when. **Can anyone do this Friday morning at 9:30?** If none of the juniors can (I thought it'd be better to have someone closer to the freshmen age make this announcement...hence the sophomore flag), then can anyone else on this list help with this? I'll be there, for sure, but I'd love to have a backup squad. We'll make these announcements:

a) Friday, September 1, at 9:30

b) Wednesday, September 6, at 9:30

If anyone else can make announcements to other classes (Murphy's Modern Physics, Bumm's E-Lab, etc.), that'd be great. We can do that next week - we'll discuss Friday. A Mullen announcement, however, needs to happen on Friday. Cool. Let me know, please.

Okay, that's enough from me. If there are any questions, please feel free to ask myself, Sasha, or Johnson. My phone number is (479) 461-1935. Call me anytime. Leave a message if I'm not around. I look forward to seeing you guys on Friday at noon - this year should be pretty sweet.

Best,

Devin Harper

SPS President
