The Journal of Physical Chemistry

Dear Mustafa:

I am very much in support of the idea of an issue of JPC honoring Rich Bersohn, and I would like to contribute. I hope to be able to do so, but I cannot fully commit at this time. My time for research (and writing) is limited by my teaching obligations, and I cannot promise to make the (as yet unspecified) deadline. But I am hoping very much that I can do this.

Thanks.
