Editor, The Journal of Physical Chemistry  
School of Chemistry and Biochemistry  
Georgia Institute of Technology  
Atlanta, Georgia 30332-0400

Dear Mostafa,

I wanted you to know that I am committing to submitting a manuscript to the Richard Bersohn Festschrift next year that is being organized by Neil Shafer-Ray and others. I think an honor like this for one of the important contributors to our current understanding of photodissociation and reaction dynamics is richly deserved.

Sincerely,

Robert E. Continetti
